

# Thermal Probe Workshop

Program user meeting Tuesday 1<sup>st</sup> April

08:30	<b>Welcome coffee</b>		<b>Location</b>
09:00	<b>Andrea Vischioni</b> R&D Engineer	Design considerations	Hilbert
09:30	<b>Julia Stark</b> R&D Engineer	Large area patterning endurance	Hilbert

---

10:00 **Coffee break**

---

## Tool Session

10:15	<b>NanoFrazor introduction</b>	or	<b>Automatic overlay</b>	Lorentz / Lab
-------	--------------------------------	----	--------------------------	---------------

---

11:45 **Lunch break** Restaurant ZETT

---

13:30	<b>Jonas Vergés</b> R&D Engineer	How it works – pulses and forces	Hilbert
-------	-------------------------------------	----------------------------------	---------

14:00	<b>Myriam Käppeli</b> R&D Engineer	Alternative hardmask materials	Hilbert
-------	---------------------------------------	--------------------------------	---------

---

14:30 **Coffee break**

---

## Tool Session

15:00	<b>Thermal modifications</b>	or	<b>NanoFrazor Next Generation Demo or Geometry and splitting – optimization and workflow</b>	Lorentz / Lab
-------	------------------------------	----	--	---------------
